

GoldCard
ELECTRICAL TRAINING

The new EAS I&T and low carbon competence rules are coming....

Helping your business to stay ahead of the changes

- ⚡ Nationally recognised Periodic Inspection and Testing courses
- ⚡ Full-week and evening courses available
- ⚡ Small group teaching tailored to learners' needs.

From **1 October 2026**, updated Electrical Assessment Specification (EAS) requirements mean **every** electrician doing periodic **inspection, testing** or **low-carbon work** must hold the correct qualification and evidence of competence.

Top quality training, delivered close to you

Proudly delivering LCL qualifications
